

Dear Mr. Britnell,

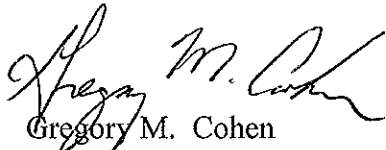

We are very pleased to congratulate you on being a 2013 Roadway Safety Award winner. A distinguished panel of roadway safety experts evaluated a very competitive pool of entries and your entry, Rotary Conversion to Roundabout, Route 80 at Route 81, Killingworth, CT, was selected in the Operational Improvements category. This award recognizes the particular benefits of a rotary conversion to a roundabout and the commitment to roadway safety of your organization. It places you and your entry in an elite status worthy of national recognition.

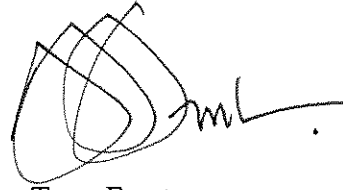

To recognize your accomplishment we would be honored to have you join us at the Roadway Safety Awards ceremony scheduled for noon on Wednesday, November 6, 2013 in room 2167 of the Rayburn House Office Building. U.S. DOT Deputy Secretary John Porcari and Federal Highway Administrator Victor Mendez are invited to the ceremony, as well as elected officials from your congressional district. During the event, lunch will be served, awards will be presented, and a professional photographer will be in attendance to capture the award presentations on camera.

The attachment includes information on logistics and response contact information.

Congratulations again, and we look forward to doing so in person on November 6th.

Sincerely,

Gregory M. Cohen
Executive Director
Roadway Safety Foundation

Tony Furst
Associate Administrator
Office of Safety
Federal Highway Administration
